Garten Help & Labourer

G.Bucher Gartenbau - Summer Season 2020-Present

Mr Manning did a good job familiarising himself with the work assigned to him and completed it to our complete satisfaction. When dealing with customers and other contacts, he was always polite and correct, searching and determined. Likewise, his behaviour towards superiors and employees was always helpful, open-minded and exemplary.

We deeply regret that Mr. Manning is leaving us of his own volition to take on a new challenge. We would like to thank him for his commitment and wish him all the best for his private and professional future.
